

Meeting held on Monday 11th July at 7.45pm via Zoom.

Six RWG members attended along with the ERA representative.

Abbreviations: RWG – Rider Working Group; ERA – Event Rider Association; BE – British Eventing; GR - Grassroots

A meeting with BE is scheduled ahead of the end of July and the group.

The GR representative role on Sport's Committee is not currently filled but a member of the group has stepped in for the interim.

The Scottish representative noted that the future of the Scottish constitution may require some restructuring in Scotland now that the Regional Coordinators' roles have been dissolved.

The group highlighted the fact that there are limited options for horses with 'just a few points' and we shall have a collective think about where these fit within the sport and how they can be supported.

The group then discussed proposed rule changes from BE and papers taken to Sport's Committee. The group's paper, regarding Collecting Ring etiquette, will be posed at this meeting and will hopefully minimise both risk and frustration with collecting rings and how they run.

The proposed FEI rule changes for 2023 were also discussed and will be fed back to the FEI via BE.
