

Tuesday 22nd March

Meeting 7.45-8.30pm held on Zoom

Apologies from ERA representative; five members of the RWG present

Abbreviations: BE - British Eventing; SC - Sport's Committee, NM - Novice Masters; IM - Intermediate Masters, GR - Grassroots, RWG - Rider Working Group

The sponsors and prize list for the NM and IM have been finalised with BE ahead of this season's events.

One of the group drew our attention to the 'prize money calculator' function on Eventing Scores.

The cross-over link between the Nov-Adv and GR RWGs debriefed the group on the overview of findings from their recent survey regarding restricted sections. Discussion then ensued about the barriers of competing with BE at GR levels and potential areas to make new joiners feel more welcome (from welcome packs to ensuring that people receive their dressage sheets).

The group discussed how best to format a cribsheet written to assist with those competing in a CCIS and CCIL. Further guidance will be sought as how to present this information best both electronically and in printable format.

The group are awaiting the SC papers to see when the next meeting will be needed.
